

Stephanie Randall Memorial Scholarship

To the Applicant:

Each year, the Stephanie Randall Memorial Scholarship is awarded to a graduating high school senior member of Transfiguration Catholic Church. The scholarship was established in memory of Stephanie Anne Randall, a member of Transfiguration from 1988 to 1998.

Read the information below thoroughly and carefully prior to completing your application. This scholarship is unlike most others you will apply for. Selection is **not** based on academic performance, involvement in school activities or sports, or financial need. Further, this scholarship is open to all regardless of their post-high school plans, e.g., entering college, military service, trade school, ministry, or the work force.

Your application will be evaluated based on the degree to which it reflects the manner in which you are living out your faith as a growing follower of Christ.

While active participation in ChrisTeen is an important consideration, it is not in and of itself the most important criteria. The recipient will be that person who in the judgment of the scholarship selection committee, *based on the applications submitted*, best exemplifies those qualities and parish community involvement for which Stephanie Randall was best known, including but not limited to:

- A commitment to living the tenets of the Catholic faith on a daily basis.
- Reaching out to welcome others into the parish and ChrisTeen communities.
- Active involvement in ChrisTeen activities and events, especially retreats and service activities, i.e., Mission Trip, NCYC, Hands on Transfiguration.
- Service through parish ministries such as Lay Eucharistic Minister, Lector, Altar Server, Habitat for Humanity, St Vincent de Paul, Peer Ministry, etc.
- A solid attendance record at ChrisTeen classes.

Completely addressing all criteria as explained on the application form will ensure your application receives full consideration by the scholarship award committee. It is vital that you fully understand the selection criteria for this scholarship as explained above and complete your application accordingly.

The decision of the selection committee is final. Signing your application (an electronic signature is acceptable) is verification that you understand and agree to accept the committee's decision. Your completed application becomes the property of the scholarship committee.

Finally, we strongly suggest the people you select to write your letters of recommendation be individuals capable of addressing your strengths *specifically pertaining to the selection criteria*. See *paragraph 2 above for clarification*. **Ensure they have a copy of this page as a guide to writing an effective reference.**
