

# Embracing the Great Commission:

## A Day of Encouragement, Prayer and Practical Ideas for Ministry Leaders

All are Welcome!

This day of formation is designed to serve you - to renew your missionary heart and reconnect you with the why behind your work. The Great Commission Parish Workshop provides:

- A fresh, hopeful look at the Church's mission
- Practical ways to evangelize and re-engage everyone within your parish boundary - without burnout
- A clear, approachable introduction to the heart of the Gospel
- Examples of what's actually working in parishes and schools and how to adapt those ideas to your own context

### Austin Habash

Austin is the founder of Sent Evangelization and Think Catholic. After spending time as a Carthusian monk, discernment and prayer led Austin to the active apostolate and neighborhood evangelization.

In 20 years working for the Church, this was one of the top 5 programs I've attended. It meets the moment we're living and left my heart on fire. If you host this again, I will invite a dozen people!
